

BEAUTIFULLY TECHNICAL™

Knitwear created for the unique demands of the uniform trade
— design-detailed; **technically advanced**

STYLE & FUNCTIONALITY

PERFORMANCE IS A BIG PART OF OUR FABRIC

A label tells you what goes into a sweater. What goes behind it matters too. Combining style and functionality is at the core of our company's fabric.

Since 1998, we've manufactured knitwear used by a wide range of Corporate and Public Safety customers — retail and restaurants, police and fire, hospitality and healthcare, grocery and government agencies, transportation and airlines, and more.

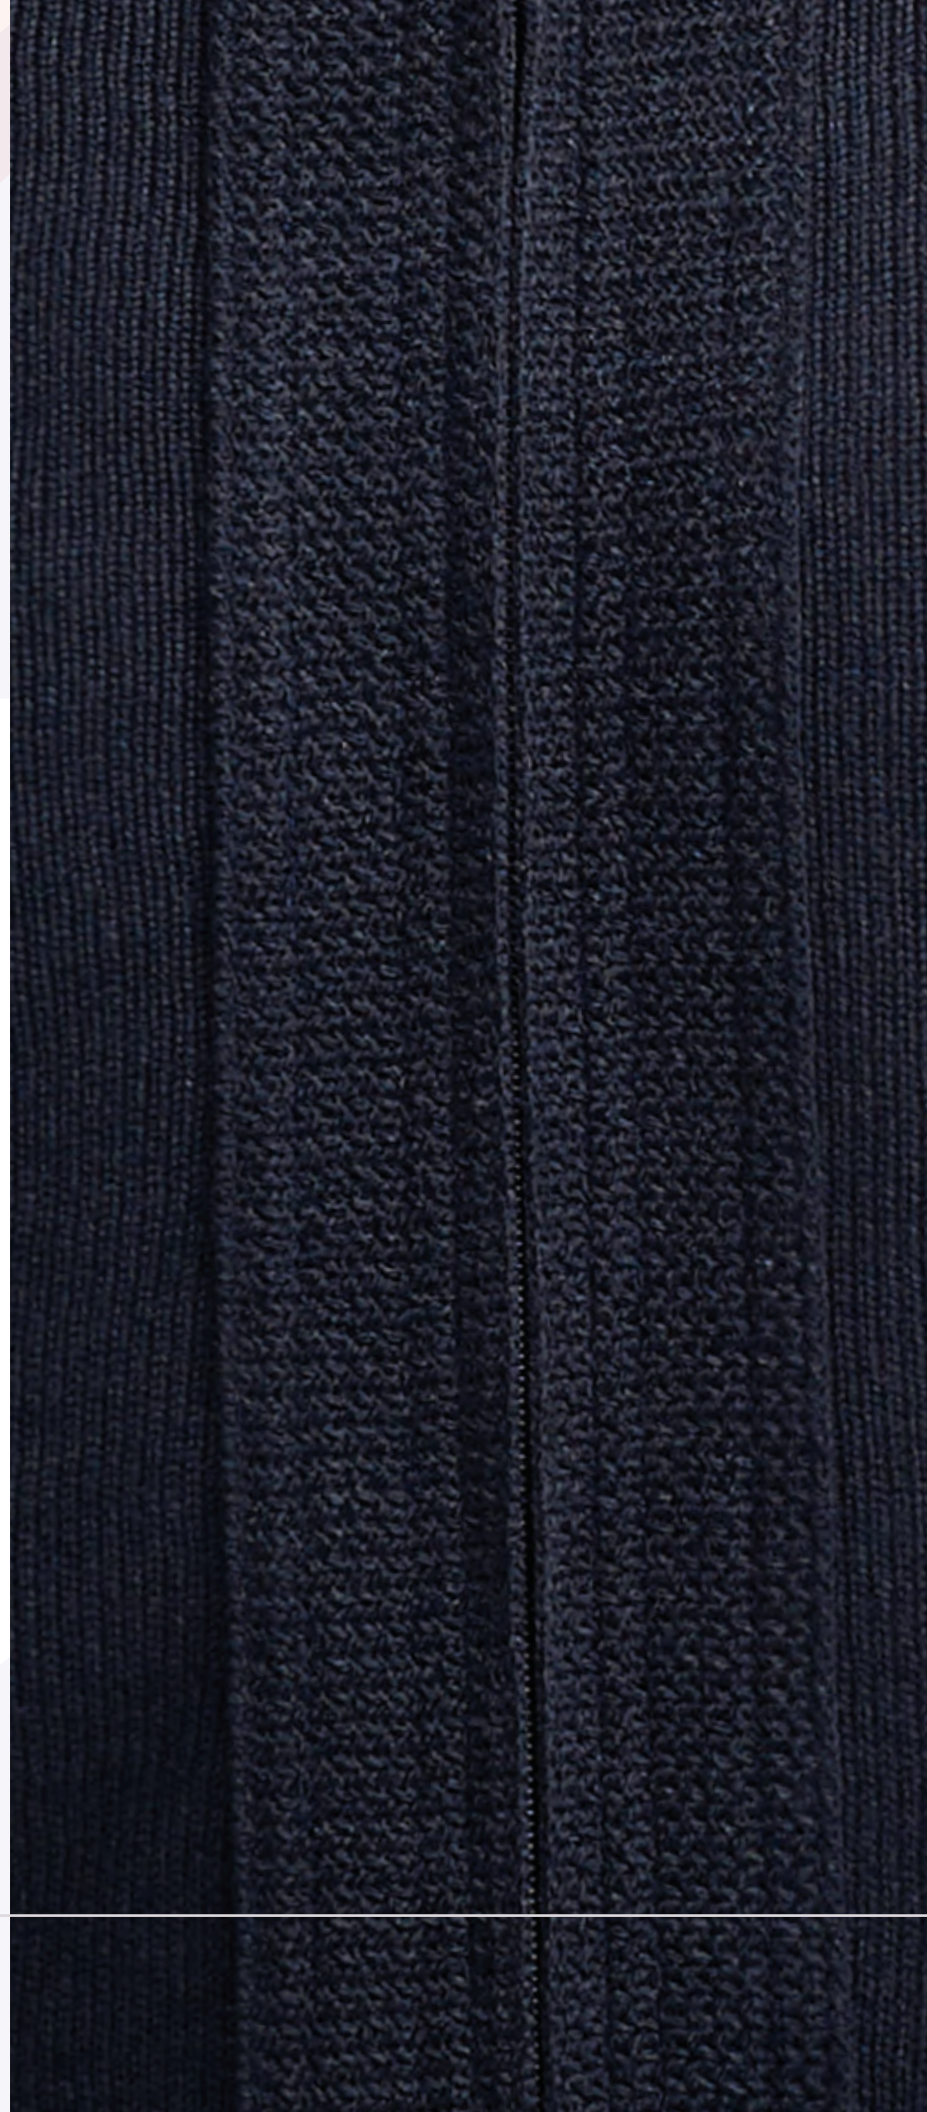

The people who wear COBMEX® sweaters work hard, as do we to make them comfortable, durable, reliable, and practical. With that passion, COBMEX® has become a **leading supplier of quality knitwear** to the uniform trade — globally.

RESPECT • INTEGRITY • ACCOUNTABILITY • PASSION • INNOVATION

WHAT IS BEAUTIFULLY TECHNICAL™?

A uniform sweater is an extension of a corporate brand. At COBMEX®, we provide style-driven designs that help build and reinforce your brand image and identity. We accomplish this through innovation, combining advanced yarns and manufacturing processes with the highest quality production standards. The result? Sweaters that perform, day after day and wash after wash. People wear them with pride — always. **We call it Beautifully Technical™.**

THAT'S THE COBMEX® ASSURANCE

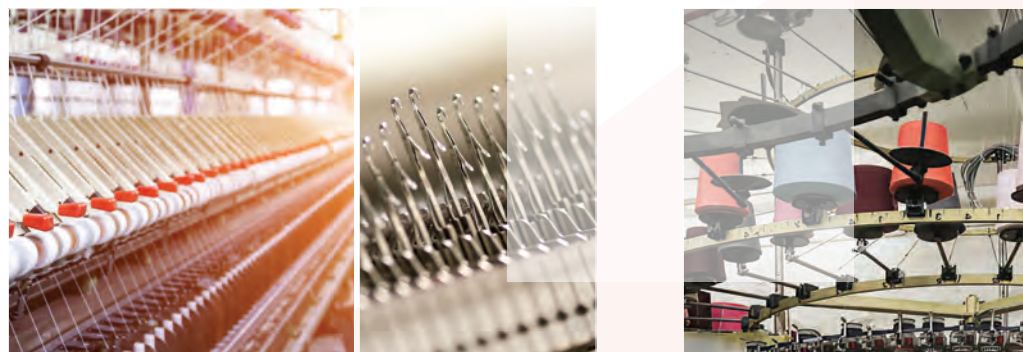

ADVANCED MATERIALS EQUAL PROVEN RESULTS

COBMEX®'s proprietary Durapil™ and Durapil Ultra™ yarns are engineered utilizing an advanced spinning process of long staple acrylic fiber. Working with leading global chemo-textile producers, COBMEX® has developed yarns superior to those commonly used in the uniform trade. Look for the Durapil™ and Durapil Ultra™ hangtag, available only through COBMEX® Apparel.

Independent tests prove that sweaters manufactured with Durapil™ and Durapil Ultra™ yarns resist pilling, are soft to the touch, retain their shape and outperform other yarns for strength and durability.

COBMEX®'s investment to develop Durapil™ and Durapil Ultra™, established the industry standard for **high performance, comfortable and low-pilling yarns**, and redefined the expectations of what a quality sweater should be. COBMEX® puts the integrity of its products at the forefront of every manufacturing decision it makes.

OUTPERFORMS FOR STRENGTH AND DURABILITY

DESIGNED TO PERFORM ACROSS DIVERSE MARKETS

PROVEN PERFORMANCE IN THE WORKPLACE

Our sweaters are designed to perform across diverse markets. COBMEX® makes knitwear to suit the demands of each unique job setting — wherever you work or play. We rigorously test every lot of yarn so that performance is assured.

We listen to our customers and draw on their feedback regarding both function and design. We transfer that knowledge into improvements such as specific yarn blends, gauges, and specialized features for our Corporate and Public Safety customers.

Having a strong and reliable supply chain means that we can readily meet any and every requirement. We have full control of our manufacturing processes which ensures the highest quality knitwear and provides reliable turnaround times. **Close strategic partnerships with multiple vendors worldwide allow us to offer solutions for any knitwear request.**

STYLE-SAVVY DESIGNS THAT REALLY WORK

In the uniform trade, designs have to perform for the customer — whether custom-tailored or off-the-shelf. Our bespoke programs are created by our talented and innovative in-house Design & Product Development Team. Inspired by market trends, we ensure a balance between form and function. We deliver comfortable and practical knitwear, specifically designed to perform in the workplace while elevating our customer's brand identity.

Catering to our customers' everyday needs, we stock an extensive catalog range — available 24/7. This collection represents a wide range of Beautifully Technical™ styles, sizes, and colors that serve both our Corporate and Public Safety customer base. COBMEX® consistently delivers unparalleled knitwear with stylish designs that really work.

INSPIRED BY CONTEMPORARY TRENDS

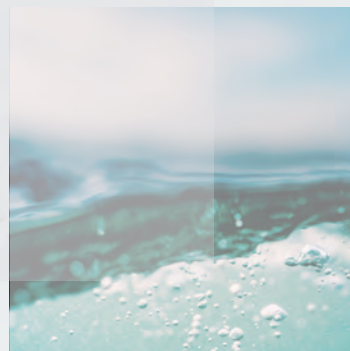

SUSTAINABILITY SAFETY & ETHICAL COMPLIANCE

Our philosophy is to provide consistent quality, innovation, and affordability while maintaining the highest levels of social and ethical compliance within all aspects of our business. We have a responsibility to provide safe and sustainable garments to all of our local and international customers.

STANDARD 100 by OEKO-TEX® is one of the world's best-known labels for textiles tested for harmful substances. It stands for customer confidence and high product safety. In order to establish STANDARD 100 by OEKO-TEX® certification, every component of the article, i.e. the yarn, thread, button and findings, have been tested for harmful substances ensuring that the resulting product will be harmless from a human ecological perspective.

A STANDARD 100 by OEKO-TEX® certified COBMEX® sweater is manufactured for safety and designed for style and comfort. Ensuring this level of safety throughout the collection provides our customers the confidence that they have selected the right sweater for their employees.

Sustainability takes priority at every step of our manufacturing process. We consciously select raw materials that are pre-certified to STANDARD 100 by OEKO-TEX® to achieve specific product safety standards and traceability. All of our factories meet or exceed SMETA 4-Pillar compliance standards of labor, health and safety, environment, and business ethics. This certification ensures safe and socially compliant workspaces for all employees across each of our factories.

THAT'S THE COBMEX® COMMITMENT

CUSTOM

As a leading global private-label manufacturer, COBMEX® understands the need for consistent quality, flexible minimums, and quick turnaround times. Our expert Sourcing, Design, and Product Development Teams can meet your custom program requirements to ensure your program's integrity.

With decades of technical experience and a deep understanding of manufacturing intricacies, **we can execute any program to successfully meet and exceed your customers' expectations.**

In our world, one size does not fit all and we recognize that the people we serve have diverse needs. It is our priority to truly understand these requirements in order to offer a custom-fit solution. Our distributors and their end users are not just customers; they are our partners.

CUSTOM-FIT SOLUTIONS

CORPORATE

The COBMEX® Corporate Knitwear Collection elevates and reinforces brand image and identity, and also features a variety of knitwear styles researched and inspired by current retail trends. Created with passion by our in-house Design & Product Development Team, our Corporate Collection seamlessly modernizes any uniform program. The collection thoughtfully addresses the needs of today's style-driven uniformed employee and is worn by employees globally across industries such as airlines, grocery, healthcare, hospitality, financial institutions, restaurants, transportation, and more.
